

Atmospheric Sciences Education and Research Grant

This grant will provide a limited number of awards of at least \$100 to qualified students enrolled in either: i. the Bachelor of Arts in Science: Thematic Concentration in Meteorology; ii. the Masters of Science, Special Program in Meteorology; or, iii. the special program in media meteorology. The meteorology faculty of the Department of Geosciences has voted to simplify the application procedure.

Awards will be made to students who can show evidence to the selection committee of *substantial unselfish* commitment to the meteorology programs of the Department of Geosciences (e.g., , student forecast crew, student chapter of the American Meteorological Society) **and** activity or promise in two or more of the following areas:

- **academic excellence**
- **significant improvement in grades**
- **involvement in a research project**
- **financial need**

Students may apply by providing the committee with *one* typewritten page showing how the individual contributed to the meteorology program in the current academic year and *one* typewritten page each addressing two of the areas listed above. A cover sheet with the student's name, address, student number and telephone number should also be provided. Thus, the entire application will not exceed **four typewritten** pages.
